

## External Operations:

- N95 Battelle Critical Care Decontamination System (CCDS)
  - The New Jersey Office of Emergency Management (NJOEM) has secured Battelle CCDS to assist healthcare providers, first response agencies, and any other agencies in decontaminating their N95 respirators at NO CHARGE to the sending agencies.
  - The Battelle CCDS addresses the current shortage of critical Personal Protective Equipment across the United States. Battelle CCDS is designed to work on N95 respirators to decontaminate biological contaminants including novel coronavirus (SARS-CoV-2). The system is centrally located in Edison Township (Middlesex County) and will service the entire State.
  - Turnaround time is projected to be 24-72 hours.
  - For more information on this system, please visit <http://www.battelle.org/decon>
  - Battelle representatives will coordinate the enrollment and decontamination process for interested agencies. If you have additional questions or would like to enroll in the program, you can either complete the form located at <https://www.battelle.org/inquiry/offering-and-services/covid-response> or contact one of the Battelle representatives assigned to NJ:  
Andre LaFreniere: (401) 935-0084 | [lafriniere@battelle.org](mailto:lafriniere@battelle.org)  
Josh Arnold: (614) 512-8057 | [arnoldj@battelle.org](mailto:arnoldj@battelle.org)  
All questions from interested agencies should be directed to the above Battelle contacts.
- To date 11,125 masks have been decontaminated
- 153 agencies have on boarded with Battelle

Agencies (by Type) Enrolled with the Battelle System
