Frequently Asked Questions

Q: DOES HARRIS COUNTY ALWAYS AWARD TO THE LOWEST BIDDER?

A: No, Harris County may utilize the following solicitation methods:

1. Invitation for Bid: Awarded to the lowest price, responsive and responsible bidder meeting specifications. If a response to an Invitation to Bid is not responsive, responsible or does not meet the minimum specifications, the price offered is irrelevant.
2. Request for Proposal: Awarded to respondent whose offer is in the best requirements of the County based on evaluation criteria contained in the solicitation.

Q: WHAT IS THE IMPORTANCE OF THE NIGP CODES AND CAN I CHANGE MY NIGP CODES AFTER I REGISTER?

A: The NIGP Code is a type of Standard Industry Code (SIC) used by governmental organizations. It is highly recommended that vendors carefully select the NIGP commodity codes that most accurately reflect the commodities and services their company provides. Bid Invitations are sent to those bidders and suppliers who have registered the specified NIGP codes on their profile. You may change your NIGP codes by logging in and going to the area where you maintain your contact information. If you do not find an exact match to the goods your company supplies, choose the closest NIGP Code or select multiple codes.

Q: HOW DO I GET ADDED TO AN EXISTING CONTRACT?

A: Unless a solicitation is “Open and Continuous”, new vendors may only be added to a contract through participation in a formal solicitation and award. If you are registered with Bonfire, and have selected your notification preferences as well as the appropriate commodity code, you will receive notification when a solicitation for those codes is (re) issued.

Q: HOW DO I FIND OUT WHICH BUYER I SHOULD CONTACT?

A: Please see the “Department Directory” to locate the appropriate buyer who handles your specific commodity.

Q: HOW DO I GET ON YOUR BID LIST?

A: The County has a web-based vendor registration system on its E-purchasing website. Vendors must self-register, and registration is free. The County encourages vendors to participate in county solicitation opportunities. However, it is the vendor’s responsibility to keep their registration current and it is their responsibility to modify their registration online whenever any changes occur in their commodities or service, address, ownership, or status as a prospective bidder. Failure to respond to a formal solicitation is defined as a lack of response when invited to bid. The County reserves the right to update and validate the bidders’ list periodically and may require renewal of applications on file.
