Sealer of Weights and Measures

Weather-Related Production Loss

Dear Madera County Pistachio Grower,

We are investigating 2026 crop losses due to adverse weather conditions that disrupted early-season development, pollination, and fruit/nut formation. If you have experienced crop damage due to these conditions, please notify our office. **Please return this form by August 14, 2026.**

Contact/Agent Name: _____ Permit Name or Number: _____

Commodity Damaged: **PISTACHIO**

Total Pistachio Acreage: _____

2026 Acres Affected (acres showing unusual loss): _____

2026 Estimated Percent Loss on Affected Acres: _____

2026 Estimated Crop Yield Production Loss (in tons/acre): _____

Please describe the type of loss experienced (splitting, pollination failure, damaged nut clusters):

Date of Survey: _____

It is important that you report crop loss information when it occurs. Crop losses must be substantiated by this office for Madera County growers to be included in federal assistance programs. **Please email, call (559)675-7876, fax (559)674-4071, mail, or bring your information to our office at 145 Tozer Street, Suite 101, Madera, CA 93638.**

Should you have any questions, please do not hesitate to contact Deputy Heidi Wong or Inspector Carolina Flores at (559)675-7876.
