## **Lunch & Learn in Rabbi Silverman's Sukkah**

Sukkot is called *z'man simchateinu*—the time of our joy—and we are expected to be happy and grateful. We have a lot to be thankful for, and we are also struggling with the challenges facing our communities, our country, and our world. Some of us are dealing with hardships in our personal lives. How do we cultivate joy during difficult times? Come enjoy some food for the body and food for the soul as we learn and discuss what it means to be joyful this Sukkot. Rabbi Silverman's home is at 4546 Avery St. Kosher, vegetarian lunch included.
