### Interprofessional Team Education Through Telehealth to Improve Geriatric Transitional Care

Presenters: Dr. Amber Golden, DNP, APRN, AGPCNP-BC and  
Dr. Renee Sullivan, MSN, RN, APRN-GNP-BC

*Transitional care is a growing area of health care designed to address the needs of patients as they transfer between care settings or are discharged home from the hospital, with the goal of reducing hospital readmissions and ultimately improving the quality of patient care. Learn from UNMC College of Nursing faculty about their efforts to improve interprofessional geriatric transitional care using telehealth.*

**Two prizes will be raffled for meeting attendees!**

This event is co-hosted by the Aging Interprofessional Group and Primary Care Progress Student Chapter
