## The Carl Winters Jr. Memorial Scholarship Award

The Manufacturers' Association each year presents its Carl Winters Jr. Memorial Scholarship Award to a high school student planning to further his or her interest in a manufacturing career with advanced study following graduation.

The award is presented to a deserving participating pre-apprenticeship senior pursuing a degree in a related technical field.

The Association created the Carl Winters Jr. Memorial Scholarship Award after the passing of our beloved Apprentice Manager, Carl Winters. Carl helped design the original Pre-Apprenticeship Program and was well regarded throughout the regional manufacturing community for his knowledge and love for manufacturing, and his ongoing passion for teaching trade skills.

For more information on our Pre-Apprenticeship Programs for students, please contact Brian Paterniti at [bpaterniti@mascpa.org](mailto:bpaterniti@mascpa.org) Chris Zimmerman at [czimmerman@mascpa.org](mailto:czimmerman@mascpa.org) or call the Association at **(717) 843-3891**.
