## Renodin Foundation Awards Spring 2018 Grants

Each year, the Dr. Lyle F. Renodin Foundation, a 501c3 nonprofit organization, provides grants for programs and projects whose public charitable purposes are carried out in a manner consistent with the tradition of the Franciscan Sisters. Requests for monies must show a connection to the mission of the Foundation, assist the needy, the underprivileged, the elderly, the developmentally disabled, the handicapped or the economically disadvantaged. Awarded projects also showed sustainability to live on long after the award period is over.
