

GlobalFingerprints Ministry Priorities—May 2026

AFRICA

TABITHA CENTERS provide vulnerable teenage girls and young women in Kinshasa, Democratic Republic of Congo with a hopeful alternative to life on the streets. GlobalFingerprints comes alongside this effective ministry by helping the neediest girls develop basic education and life skills so they can participate in the program and move toward stability and dignity. At this time, **50 girls and young women are still waiting for sponsorship**. Learn more here: <https://reachglobal.ministries.efca.org/tabitha-centers>

LATIN AMERICA

Although **HAITI** continues to face deep instability, the church remains active and resilient. We are seeing churches planted and strengthened, and one ministry site is ready to expand its reach. We are praying for U.S. churches that would partner with this work and help extend its impact. At present, **over 200 children are waiting for the gift of sponsorship**.

ASIA

We are grateful for the way the Lord is at work through the ministry in **LAOS**. Churches are being planted, and children and their families are hearing the gospel and coming to Christ. The church planting team there is eager to expand the ministry, and we are praying for partner churches to help **extend the reach of the gospel in this deeply needy country**.

A national church planting team in **VIETNAM** has built a fruitful partnership with GlobalFingerprints, and more than 20 church plants have benefited from the ministry. Churches have been established first in Ho Chi Minh City and then in Hanoi. The team now has an **opportunity to expand into another city**. We are praying for churches that will partner with this work in Vietnam and take part in extending the reach of the gospel.

Division	GlobalFingerprints Site	Currently Sponsored	Required in 2026
Africa			
	DR Congo	2,051	200
	Liberia	480	70
