

# Are You a Woman Veteran of Color with Entrepreneurial Interests?

*W.O.M.E.N. is here for you!*

The [Morgan State University Entrepreneurial Development & Assistance Center \(MSU EDAC\)](#) in Baltimore, Maryland has launched the [Women Owned and Managed Enterprise Network \(WOMEN\)](#) initiative to meet the growing demand of Black and Brown women veteran, military spouses and women seeking contracting opportunities with government agencies and the private sector. In addition to business services, knowledge as well as access to resources to develop and retain competitive enterprises are offered to women business owners and managers.

Thanks to funding from the Truist Foundation, the leaders of this initiative as well as our partners have the means to directly support the businesses of the women who have served our country, and we strive to function as powerful liaisons of knowledge, network and resources between their businesses and their inevitable success.
