Grey Border

Grey Border Box
Header Color

Grey Border
Box Text Color

Header text is determined by the Grey Border Box Header Color option in the Template Configuration Window (TCW) under Global Template Colors. Body text can be set to grey #333333 (default) or black #000000 using the Grey Border Box Text Color setting. **Link colors are set in the TCW via the Link Color element under Global Template Colors.** Font weight is adjusted within the Content App.
