

## Big Green Spring Learning Garden Sessions

You are invited to Big Green's Spring 2020 Planting & Watering Workshop! Come learn how to bring your garden out of its winter hibernation, see hands on planting demonstrations, and hear from other teachers about their successes and struggles in the Learning Garden.

At this workshop we will actively work to build our Memphis Learning Garden community by sharing stories, experiences, successes, and failures in the garden. We believe that you, our Learning Garden teachers, know the garden and how to use it best and it's time you share that wisdom with the broader community.

We will provide light snacks. All you need to bring is a smile! Children are welcome.

There are two opportunities to attend. [Click here to RSVP for your preferred session.](#)

- **Tuesday, March 3rd from 4:30-6:30pm** at KIPP Memphis Prep Elementary - 2230 Corry Road, Memphis, TN 38106
- **Thursday, March 5th from 5-7pm** at Treadwell Elementary - 3538 Given Ave, Memphis, TN 38122
