

# NAVY LEAGUE MEMPHIS PRESENTS...

## NAVAL AIR ORIENTATION DAY

### OCTOBER 04, 2018

**NAVAL AIR ORIENTATION DAY** will be held on Thursday, October 4<sup>th</sup> from 10 AM to 4 PM at Wilson Air Center near Memphis International Airport. This event is free and open to the public. During this time, interested citizens and students are encouraged to come see a selection of front line Naval aircraft and vintage warbirds. Pilots and crewmembers will be available for questions about their duties and experiences in flying these magnificent machines and about how to become involved in Naval Aviation. These aircraft are seldom available in Memphis for viewing at such close proximity, so please take advantage of this exceptional opportunity. Navy representatives will also be on site to discuss opportunities to serve in America's Navy in order to accomplish today's missions and meet tomorrow's challenges. This is an excellent opportunity to tie into your school's STEM program as well! If your school is interested in sending students, please contact the School Coordinator below to make arrangements.

The Navy League Memphis Council is dedicated to educating our community on the importance of maintaining strong, capable and ready maritime forces. Locally, we offer support to university NROTC units, Sea Cadets for youth and morale-related support for Memphis area Navy, Marine Corps and Coast Guard units & their families. For more information, please visit [www.navyleaguememphis.org](http://www.navyleaguememphis.org) or email [nlmemphistn@gmail.com](mailto:nlmemphistn@gmail.com) .
