

Book your Spring Garden Field Trip

At

Memphis Botanic Garden

Spring Festival of Flowers

Enjoy the garden in full bloom. Stations will feature hands - on activities including a Spring planting. Students will attend a pollination puppet show and witness an amazing flower story.

March 24-27 Grades 2-6

Eggstranagnaza

See what hatches from eggs besides baby chicks. From insects to amphibians, birds and snakes. Students observe a variety of bird eggs from hummingbird to ostrich and even taste fish eggs. As a special treat they will color eggs using natural plant dyes and “plant” a basket

March 30-April 9th Grades K-4

World of Plants

Take your students on a trip around the world without ever leaving Memphis. Students travel to Africa, Asia, India, Europe and the Americas where they will learn how different cultures use plant in their daily lives. Students will create many take home “souvenirs” and get a “taste” of their travels.

April 21-May 1 9”30-12:30 Grades 2-6
