

The Great Kindness Challenge (WWW.greatkindnesschallenge.org) is an annual national initiative that in 2017 alone impacted more than 15,000 schools and 10 million students. The event scheduled for January 22-26, 2018 seeks to inspire students to have a voice in creating a culture of kindness rather than conflict and violence. While there is a specific focus on middle schools, the program is designed to include grades 2-12. We challenge all SCS schools to work with students to be creative in adopting the Great Kindness Challenge for all SCS schools. Students and staff can post comments and pictures
