

INNOVATIONS IN STEM

Workshop Series

Join the West TN STEM Hub for the Innovations in STEM workshop series for teachers, offered through collaboration with SCS!

ACTIVATING DESIGN THINKING FOR MORE RIGOROUS INSTRUCTION

Join the West TN STEM Hub for a Design Thinking workshop that will help you learn how to innovate and problem-solve and to integrate the Design Thinking process into your classroom to enhance the student learning experience. Facilitators Dedric McGhee, STEM Manager for SCS and Nikki Wallace, science teacher with Crosstown High will deliver this hands-on, activity based session. Come prepared to engage and ask questions!

Parking and specific location information will be emailed to all who register through the link below.
