

September Non-Instructional Winner – Irene Benner

Ms. Irene Benner is a servant leader because she always takes the initiative to go over and beyond in the workplace. She comes in everyday with a positive attitude and gets straight to work. No one has to ask for help because Ms. Irene will help anyone without them having to ask. She doesn't end her shift without asking is there anything else she can do before she leaves, she doesn't mind staying over or coming in early to get the job done. She's an excellent employee and I'm honored to work with her.

September Instructional Winner – Tobias Conerly

This young man that I am nominating truly exhibits servant leadership. This is his 3rd year as a Math teacher, Mentor, and Coach. He has taken on more responsibility this year as the Chairperson over Culture and Climate and the Discipline Committee. He has created a Club for Boys, and he is always available to guide and mentor these young boys in addition to teaching and being available to assist teachers in every compacity. He steps up to volunteer to help when there is a need. Tobias Conerly is truly our Superhero at Raleigh Egypt Middle School.
