

## Math Standards available in Mastery Connect

Attention Grades 3-8 Math Teachers, if you are looking for a way to review the standards from the Quarter 1 CFA, look no further. The Curriculum and Instruction math team has created mini standards review exercises that can be used for daily warm-ups, Flex day exercises or whatever creative way you can imagine.

To access this resource, please log into your Mastery Connect account and click on the Community tab and search for either Sonia Barber for grades 3-5 or Camilla Horton for grades 6-8. Click on the searched name to open the profile. Once you do that, you should see either Dr. Sonia Barber Assessments or Dr. Camilla Horton Assessments (in green) in the top right corner of the screen. Once you click, all of the assessments will populate and you can make your selection.

Here is an example of the name of the file: CFA1.StandardReview.6.RP.A.1

Be sure to check Mastery Connect sometime this week for their availability.

Please read below to find out how to access the Standard Reviews.

# Connect and Collaborate with the Community

## Step-by-Step

### How to Connect and Collaborate with the Community

1. Click on **Home** to open your homepage.
2. To connect with teachers in your school or district, click on your **school name** or **district name** under your profile photo, then click on the **Follow** button for each person you want to follow. (A search bar is available in the top right corner and individual names can be entered for your convenience.)

The screenshot shows a teacher's homepage on a social platform. The top navigation bar is green with links: Home (selected), Admin, Maps, Trackers, Assessments, Pins, and Community. A user profile for 'Tony' is visible in the top right. Below the navigation bar is a grey bar with 'News Feed', 'Inbox', and 'Help' tabs, and a search icon. The main content area features a profile card for Mr. TONY BENNETT, a teacher at Washington School, MC Americana District, Utah. His profile includes a photo, an 'Edit Profile' button, and an 'Info' section. To the right of his profile is a post where he created a curriculum map for 'Math 4th Grade' (CLASS: 4th Grade, SUBJECT: Math) 10 minutes ago. Below this is a post by Mrs. Emile Garcia Dugan adding a 'Ch. 20-Section 3 New Systems of Trade Quiz' to a classroom (CLASS: 6th Grade, SUBJECT: Social Studies, STANDARD: 6-6.4, 6-6.5, 6-6.6). The right sidebar contains a 'TEACHER BOOT CAMP June 2018' banner with a 'Learn More' button, and sections for 'My Trackers' (4th Grade Math) and 'My Assessments' (Quiz 10, De-Nice, Practice Test).
