

Summer PD *At-a glance*

**K-5
Math**

K-2 Eureka Math Major Work of the Grade

A continuation of the foundational Preparation and Customization PD

#15947

You will learn:

Deepen your understanding of the fundamental mathematics within and across grade bands. With this deeper understanding of coherence, teachers are better prepared to grow and sustain effective classroom practices and support a more successful implementation of Eureka Math.

3-5 Eureka Math Major Work of the Grade

#15952

You will learn:

Deepen your understanding of the fundamental mathematics within and across grade bands. With this deeper understanding of coherence, teachers are better prepared to grow and sustain effective classroom practices and support a more successful implementation of Eureka Math.

K-5 Eureka Math Preparation & Customization II

A continuation of the foundational Preparation and Customization PD

#15953

You will learn:

- How to prepare and customize a module.
- How to make instructional choices within the module & the effective use of assessments.
- Gain insight into how to plan for gaps in student learning.
