

# Methodist Mobile Mammography

## Are You Due for a Mammogram?

We are bringing digital mammography screenings straight to you! **Methodist Mobile Mammography** will be on-site performing screening mammograms for eligible women 35 and older who have not had their annual mammogram in the past 12 months.

**Date & Time:** \_\_\_\_\_

**Location:** \_\_\_\_\_

### Why Mobile Screening Mammography

One out of every eight women will have breast cancer during her lifetime, but with early detection, the cure rate for breast cancer can be as high as 96 percent. The Methodist Mobile Mammography unit features the latest breast screening technology, conveniently brought to you at your business location.

#### Benefits of Screening Technology

- Creates an image of your breast for a complete picture
- Provides incredibly sharp images that can reveal the smallest abnormalities
- Reduces the need for additional imaging

### Scheduling Your Appointment

Visit [www.methodisthealth.org/wellness](http://www.methodisthealth.org/wellness) to schedule your appointment and pre-register for your screening mammogram. Space is limited.
