Pearson is committed to the highest standards of ethical conduct and does not intend to create even the appearance of impropriety when providing items of value to a school or school board employee and we recognize that you are committed to the same standards. As part of Pearson's ongoing effort to maintain open, honest, and ethical relations with our customers, we want to ensure that by offering you items of value such as a meal or refreshments valued at up to \$25, neither you nor Pearson violates the letter or spirit of applicable ethics or gift laws, rules, or your school district's policies ("Ethics Rules"). By accepting an invitation to attend this event, you hereby certify that you (i) have consulted with your school district to verify that you may attend this event, (ii) are not prohibited by any Ethics Rules from receiving a meal valued at up to \$25 provided by Pearson, (iii) have not attended another Pearson event during the current calendar year, and (iv) are authorized to make these representations. Further, you agree that you will notify Pearson at any time if you are, or become aware of any, Ethics Rules that limit your participation in the event, that would require disclosure of your relationship to Pearson, or that would preclude you from making decisions about the adoption or purchase of Pearson's products and services by your school district. If Pearson becomes aware that your receipt of the payment violates any applicable Ethics Rule or otherwise requires disclosure, you understand that Pearson may request reimbursement from you for the value of the meal provided.
