

## Professional Learning Services Free Trial Spring 2020

Welcome Shelby County Administrators, Educators, Parents and Learning Guardians,

We are here to serve and support you during these unprecedented times.

Please notice within this document several learning options to choose from such as:

- Customized Shelby County Live Virtual Sessions using Microsoft Teams – 6 choices to select from
- National Webinars Via Zoom
- Self-Paced and Recordings Options

\*\*\*The links to login and access these learning options are embedded within this document. Should you have any questions please contact Erin Davidson or Melissa Hurt using the contact information below.

### Meet your Shelby County Locals!

#### **Erin Davidson, Professional Development Specialist**

I am a Professional Development Specialist with DreamBox Learning. I was previously an educator with Memphis City Schools and with the merger, Shelby County Schools, for over 13 wonderful years. I developed curriculum and personalized professional development for students, educators and administration. I worked with Teach Plus Memphis and co-authored an education policy brief, *"Retaining Top Talent in Memphis' High-Need Schools"*. I have a Masters' degree in Teaching from the University of Memphis and K-8 licensure. I am passionate about education in all forms, STEM and human rights.

#### **Melissa Hurt, Client Experience Manager**

I am here to support implementation with DreamBox Learning. In my 18 years of public education, I spent 12 teaching middle school mathematics in Shelby County Schools and 6 supporting teachers as a district supervisor in Germantown Municipal Schools. During my tenure, I served as one of Tennessee's Common Core Mathematics Coaches and reviewed many of our nation's textbooks with EdReports. Quality materials for *all* students has been a passion of mine during my time as an educator, and I am ecstatic to share DreamBox with the educators and students in Shelby County.

#### Additional Learning Options to Deepen your Understanding via our Live National Webinars

#### ***Introduction to DreamBox Learning for Educators***

Educators who are new to DreamBox are invited to join the live ***Introduction to DreamBox Learning*** training sessions hosted by the DreamBox Professional Development educators. In each 60-minute session, we will provide educators with information for getting started with DreamBox, getting students and parents logged in from a remote setting, and how to monitor student progress and data. Live Q&A will also be available throughout each session. (Offered Mondays and Wednesdays, 1:00-2:00pm CDT)

#### ***Using DreamBox for Remote Learning***

Educators who are using DreamBox are invited to join the live ***Using DreamBox for Remote Learning*** sessions hosted by the DreamBox Professional Development educators. In each 60-minute session, we will provide educators with information about monitoring and communicating student progress, creating learning opportunities remotely, creating student reflection opportunities remotely, and supporting parents and guardians with DreamBox at home. Live Q&A will also be available. (Offered Tuesdays & Thursdays, 1:00-2:00pm CDT)
