

Overview

Professional Learning and Support is offering a three-part Canvas Course Development Series. The purpose of these courses is to support teachers with using Canvas as an instructor to deliver virtual content using SCS district approved curricula. It is recommended that the courses be taken in sequence. The courses will be available live in Microsoft Teams and self-paced in Canvas.

Course Listing

Canvas Course Development Part One (for Teachers): Getting Started with Canvas

Participants will:

- Apply course development processes to address ADA compliance, use rubrics for submissions, and apply course design techniques leading to a more interactive, visually pleasing course.
- Understand course design elements to increase interactivity and to customize your course.

To access the courses, register in PLZ.

- Live Course Number: **24883**
 - Live session dates: January 26, 2021 3:30 – 5:30

Canvas Course Development Part Two (for Teachers): Building Content in Canvas

Participants will:

- Understand and be able to identify the components of a Canvas course as well as how to customize settings and profiles.
- Practice using the sandbox and the training course simultaneously to be able to demonstrate knowledge and understanding.
Understand how to build a Canvas course leveraging the KUD and outline submission and applying that information to each of the components in the Canvas courses

To access the courses, register in PLZ.

- Live Course Number: **24884**
 - Live session dates: February 2 3:30 – 5:30

Canvas Course Development Part Three (for Teachers): Canvas Course Settings

Participants will:

- Know what the expectations are for course settings and design to improve the quality of delivery with students in the Shelby County Schools district.

To access the courses, register in PLZ.

- Live Course Number: **24885**
 - Live session dates: February 9 3:30 – 5:30
