

State Representative “Smitty” Pignatelli recently visited CHP Great Barrington Health Center to support the reading program, Reach Out and Read. Several youngsters enjoyed Rep. Pignatelli’s rendition of “No more Monkeys Jumping on the Bed.” Through the Reach Out and Read program each youngster receives an age appropriate book during a well-child visit. CHP has participated in this great program for many years. We are committed to giving each child a great start.

where great stories begin™
