

CHP Family Services is once again proud to have partnered with the Eagle Santa Fund and the Watson Fund. We were able to help make the holiday a little bit brighter for many families in South Berkshire county. During this 2017 holiday season **296** families received benefits totaling **966** people . It was an honor to again work with these outstanding organizations.

CHP Family Services extends warm thanks to these groups & their employees that provided direct support during the holiday season to our families!!
