

2018-19 Parents Back to School Night

Wednesday Evening, September 12th, 2018

Parents Back to School Night will provide parents the opportunity to meet teachers and learn more about the courses their student is enrolled in. Parents will experience a “mini” schedule, having the opportunity to learn more about course expectations, how to support and monitor their student’s progress and how to connect with the teacher to share concerns.

In addition to learning more about their student’s courses, we encourage parents to use open time, prior to 6:30 or during a period where their student may have a study hall, to check in with their student’s counselor, explore the Career and Counseling Center, browse topic tables or visit our school store, Falcon’s Nest.

Please ensure you have access to your student’s schedule. You may either use your login information and access their schedule in the parent portal of IC or have your student print off their course schedule for you. We welcome students to accompany their parents, but they might be asked to stand in the back of the classroom, making room for the real students that night, the parents.

Evening Schedule

6:00-6:30 PM	Walk around the school, get familiar with class locations, stop by information tables, check out the Career/Counseling Center - meeting your student’s counselor or see what’s new in our school store, the Falcon’s Nest
