Coach Report: *Bridge Program* has been very successful, 18 are doing the show. Make sure we are very supportive of this program to keep our club growing. Introduce meeting for Bridge parents one time per session, while their kids are on the ice, with several board members to help answer questions, be a liaison. Encourage to come to board meetings. **Safe Sport:** locker room moms must be Safe Sport trained, but the challenge is the \$20 fee. An email will go out to locker room moms to let them know if this is a hardship, they can contact a coach for a reimbursement. *ISI Synchro Nationals* will be held next year in Concord the same date as our LC Competition....hope to move ours to March 21st. Looking into getting some of our club and bridge skaters into an ISI synchro team.

*****Next Meeting will be June 12th at 6pm*****

*****Next Bingo Night will be in June, then a break for the summer.**
