

Safety Services at ABC

Looking for a Solution for Your Safety Needs?

The protection of workers, construction sites and the general public is of paramount concern for everyone in our industry. Safety is not just about the nuts and bolts of construction, but how it ties back to your culture, your people and your profitability.

Associated Builders and Contractors Empire Chapter (ABC) Safety Services program is uniquely positioned to help our members meet their safety standards. We lead the way when it comes to offering safety training for the construction industry. By combining services that are a benefit of membership with additional fee for service add-ons, our attentive, personal approach sets us apart in the industry.

ABC is the Answer:

- Safety training and certification
- Crafting or updating of safety plans
Including jobsite-specific safety policies
- Navigating OSHA requirements
- OSHA citation counseling
- Prepare and present safety meetings
- Safety recognition program development
- Serving as your employer representative
- One hour free safety consultation

Plus, save time and money with jobsite inspections and audits reviewing:

Electrical, ladders, fall protection, scaffolding, excavation, personal protective equipment (PPE), mechanized equipment, hearing protection, flammable material storage, confined space tool condition/use, housekeeping, and more!

Safety services provided maybe a member benefit or utilized on a contract basis or on an as-needed basis at member rates.
