## **LIFELINE SHOEBOX NEEDS CENTRALIZED LOCATION TO OPERATE**

LIFELINE SHOEBOX is a not for profit organization we in need of donated space. We provide a box of love which contains 15 personal need items for nursing home and assisted living residents. We have been in existence since 2008 and have served more than 5500 residents. All of our support has come from volunteers and donors. Since our conception, we have struggled continuously to find a location that would allow us to be more efficient and effective.

Below is a list of desired criteria that the ideal location would contain. Although this is our ideal list. We welcome any ideas or possible locations that will assist us in our endeavor.

**We are a not for profit organization: Donated space should be tax deductible. Consult your attorney for confirmation.**
