Products that may be contaminated

Recalled Food

Coppa and charcuterie meat products containing Coppa:

- Sold nationwide under these brands:
  - Aldi
  - Beretta
  - Black Bear
  - Busseto
  - Culinary Tour
  - Dietz and Watson
  - Lidl
  - Publix
  - Salumi Artigianali
- See USDA's charcuterie recall for a full list of recalled products

What You Should Do

- **Do not eat any recalled products.** Throw them away or return them to where you bought them.
- **Wash surfaces and containers** that may have touched these products using hot soapy water or a dishwasher.
- **Call your healthcare provider right away** if you have any of these severe *Salmonella* symptoms:
  - Diarrhea and a fever higher than 102°F
  - Diarrhea for more than 3 days that is not improving
  - Bloody diarrhea
  - So much vomiting that you cannot keep liquids down
  - Signs of dehydration, such as:
    - Not peeing much
    - Dry mouth and throat
    - Feeling dizzy when standing up

What Businesses Should Do

- Do not sell or serve recalled products.
- Wash and sanitize items and surfaces that may have come in contact with these products.

Symptoms of *Salmonella*

- Most people infected with *Salmonella* experience diarrhea, fever, and stomach cramps.
  - Symptoms usually start 6 hours to 6 days after swallowing the bacteria.
  - Most people recover without treatment after 4 to 7 days.
- Some people—especially children younger than 5 years, adults 65 years and older, and people with weakened immune systems—may experience more severe illnesses that require medical treatment or hospitalization.
- For more information about *Salmonella*, see the *Salmonella* Questions and Answers page.
