Ninety-four more hospitals [earned](#) a five-star quality rating from CMS in 2026 compared to 2025.

CMS [publishes](#) its Overall Hospital Quality Star Ratings annually. The ratings, updated May 13, reflect a hospital's performance across five quality measures: mortality, safety, readmission, patient experience, and timely and effective care. Read more about how CMS calculates star ratings [here](#).

Read the list of CMS' one-star hospitals [here](#).

In [2024](#), 381 hospitals earned five-star ratings. That number dropped to 290 in [2025](#) before rising to 384 this year.

Here are the 384 hospitals that received a five-star rating from CMS:
