

MARYLANDERS ONLINE

Digital Asset Map

The Marylanders Online Asset Map is a free, statewide tool that shows where residents can find free or low-cost internet, computers, and digital skills training.

We're asking YOU to help us fill the map! Submit a resource using the QR code or call the helpline. Together, we can connect every Marylander to the digital world.

ABOUT UME MARYLANDERS ONLINE

Marylanders Online is a free, statewide program led by the University of Maryland Extension (UME) and the College of Information (INFO) dedicated to closing Maryland's digital divide. Marylanders Online provides accessible resources, tools, digital skills education, curricula, and tech support to help residents gain internet access, obtain digital devices, and develop the skills needed to thrive in today's digital world.
