

[Cascade Pest Control](#) of the Seattle-Puget Sound Region is proud to announce that Chris Grinstead (left) has been promoted to Technical Director and Kris Novak (right) has been promoted to Quality Control Director. Mr Grinstead began his pest management experience in Arizona for 5 years before working another 8 in the Seattle-Tacoma area. Kris Novak started initial pest management training in Bellevue, Washington with Cascade 10 years ago and has helped shape Cascade's excellence in customer service. They provide guidance and support to our crew to establish and maintain service excellence as well as innovative approaches to rat and mouse control and prevention.
