

2025-2026 School Supply List

This year, students are asked to keep track of their personal supplies in a labeled supply box or bag. For younger students, these will remain in the classroom in designated spaces. Older students will be responsible for storing their supplies in their backpacks or personal art bin systems. There are no specific recommendations for planners or supply bags, families may choose the style and system that works best for their child.

Supply Drop-Off:

We will collect bulk, shared supplies for classroom use. This will include paper, markers, dry erase markers, and bottled glue.

Please drop off all bulk supplies at school between **August 4–August 8**. This allows teachers time to organize supplies before the start of the school year.

Students will arrive on the first day of school with their art bins or backpacks with personal supplies inside. This will include composition books and journals. All supplies should be labeled with the child's name.

2025-2026 School Supply List

(Kindergarten)
