

SFUMC SUMMER CAMPS 2025

As we wrap up week two of our summer camps, we celebrate the incredible experiences these kids are having. So far, they've enjoyed Sports Camp, Grow Camp (hosted on our campus by Camp Glisson), Full STEM Ahead, and Big Chefs, Little Chefs. Each themed camp allows children to engage in fun activities while discovering how God is present in everything we do.

We're excited for the weeks ahead, featuring Art Extravaganza, Mad Scientist, and Wacky Water Rollout! Next week, we kick-off our highly anticipated Vacation Bible School, and we're incredibly grateful to the many volunteers helping make it a wonderful experience for our kids. If you haven't already, we invite you to explore the beautiful decorations that have been set up.
