An Event for Adults over 21

What is God's Plan for You?

As we make our way through this life, we make choices every day that can have long term effects. But how often do we stop to think about what God's plan is for our future? Do we ask Him in prayer? How can we understand what that plan is? Come hear Fr. Antonio dos Santos talk about times in his own life when God has sent him in a different direction than he expected, sometimes with very little preparation.

By choosing to follow God's plan, doors have opened that Fr. Antonio never thought possible.

Fr. Antonio is a member of the Congregation of the Sacred Stigmata of Our Lord Jesus Christ. His missionary travels have taken him to remote regions of his home country, Brazil to Paraguay, California, Florida and finally to Massachusetts. He currently serves the people of Sts. Mary & Joseph Collaborative, with a particular focus on the Brazilian Community.
