Take time this Lent to gift God, yourself, and others with a couple of hours to let God wake up and renew your mystical heart. God is a "Walking God" who walks with us and longs for us to have renewed hope amid the blessings and challenges of daily life.

God is birthing something new amidst COVID, political unrest, racism and so much more. As a Persian mystic and poet, once said: "Do not worry that your life is turning upside down...how do you know that the side you are used to is better than the side to come?"
