

FULL COMMENT FROM PRESIDENT DAVIS AS REQUESTED BY THE LCMS REPORTER

*We celebrate the contribution of CUAA and its Christ First ministry these past 60 years training students for church work and other vocations. It is unclear how the Board of Regents “reimagined” Concordia blesses the Church in the same wide-ranging way. We continue to think no financial exigency existed necessitating such a drastic diminishment. Enrollment already is down over 50%. The Regents’ decisions brought unnecessary disappointment and disruption into the lives of students, faculty, staff and congregations. With God’s help our District will work to see how we can align with CUW at Ann Arbor in the future.*
