

# GUIDED EBIKE RIDES

Enjoy the lovely hills of Albemarle County on our easy ebikes!

Take in the beauty and serenity of the rolling hills and picturesque farms of western Albemarle County while you get silently whisked along on our electrically assisted bikes. With the ability to adjust the assistance levels you can tailor your own experience. If you are looking to burn some calories, you can turn the assist down or off. On the other hand, if you want a leisurely ride and just enjoy the scenery, you are able to increase the assistance. We have three different rides for you to choose from ranging from the rolling foothills of the Blue Ridge mountains and the open farmland of Crozet to the urban environment and historical grander of the University of Virginia. Our rides are guided by our talented, knowledgeable staff or by GPS if you would like a more independent experience. All of the routes have been picked to accommodate a two-hour bike trip so please plan for a total of three hours to include transportation to our starting locations.

## TARIFFS
