Code Details + Terms

- Code details to include when distributing ride codes:
 - The codes have a value of **\$25** and are valid **until 9/30/22**.
 - The code can only be claimed one time per Lyft user but can be applied to multiple rides until the **\$25** value is reached
 - Fares (up to \$25 or more) are covered by Lyft but tips are not
 - Subject to Lyft's [Terms of Service](#)

Why isn't the promo code working?

Here are the most common reasons a promo code wasn't applied to your ride:

- **It's expired:** Most codes expire on a certain date. For reference, the expiration date and time are specified in the 'Promos' tab.
- **It's a business ride:** Currently, ride credits won't apply by default to Business Profile rides because your employer typically reimburses you for these. On the rate and pay screen after your ride has ended, you can manually apply a specific promo code by tapping on your payment method (just above where it says either 'Business' or

'Personal'). From there, tap on 'Change applied promos' to enter a promo code or select the promo you would like to use.
