

# Adverse Childhood Experiences & Trauma-Informed Care

*All across Wisconsin, childhood adversity is hiding in plain sight.*

*Join us in the first step in the creation of self-healing communities.*

The Wisconsin ACE Interface curriculum provides communities with an introduction to adverse childhood experiences (ACEs) and brain development. Trauma-informed care shows us how this information and understanding can be helpful when working with the youth and adults in our fields.

**Thursday, August 17, 2017  
8:30am to 12:30pm  
Greenwood High School Cafetorium  
Greenwood, WI**
