

ADOPT A HIGHWAY CLEANUP-PROJECT

MILE MARKER 443-446

Wed May 15th, 2019

Kick Off 3:00pm

For the safety of our Volunteers and Traffic we are restricted to the number of vehicles that can be parked alongside of the road!

*We will have a registration table set up with instructions for volunteers to check in and out and get further instructions (command center at Kelly Inn parking lot)

*We will be organizing transport vehicles to travel back and forth with additional supplies and to pick people up and drop people off during the event. We will be picking up litter on the North and South side of the I-90 between King Ave and Zoo Drive Exits.

WE ARE NOT ALLOWED TO DO THE MERIDIAN

***MDT will provide reflector vests, vinyl gloves, garbage sacks**

*If you have heavy duty work gloves or gardening gloves please bring your own, these are more effective against the “stuff” you find out there.....any other supplies that you think will make your life easier bring it along

*dress for comfort, you will be doing a lot of bending, lifting, hauling, walking and laughing hopefully!

We hope to make a BIG Impact.. and do our part to beautify the entrances to Billings for ALL THAT PASS TROUGH.
