

Consider helping a student in need this holiday season via the Virtual Angel Tree

The season to give is upon us! More than 1,200 Northwest ISD students need your help to have a happy holiday season!

Adopt an Angel!

Northwest ISD's Virtual Angel Tree serves students and families throughout the district who have been identified as having a need for assistance this school year.

By supporting an angel, your charitable donation will directly go to a child in Northwest ISD this holiday season. We invite all community members, business partners, businesses, and faith-based organizations to participate!

To adopt an angel:

1. Go to angeltree.nisdtx.org.
2. Make your selection(s).
3. Purchase your new gifts (valued around \$100 per angel) and arrange to drop them off according to the details below.

New feature this year: You can now choose to adopt an entire family by the number of siblings desired!

Deliver your Virtual Angel Tree items, **along with a printed copy of the Angel ID form for each angel**, to the Northwest ISD Administration Building (located at 2001 Texan Drive in Justin, between NISD Stadium and Hatfield Elementary School) by 7 p.m. Monday, November 29. **Please remember the Administration Building will be closed for Thanksgiving Break the week of November 22-26.**

- **If delivering before November 29:** Please bring your items to the front lobby of the Administration Building any weekday between 8 a.m. and 5 p.m. and follow the posted instructions once there.
- **If delivering the week of November 29:** Please follow the outdoor signs to the designated drop-off area between 9 a.m. and 4 p.m.
 - Special extended hours Monday, November 29: 7 a.m. to 7 p.m.

Interested in becoming a holiday elf? Volunteers are needed in "Santa's Workshop" to help receive and sort gifts! If you would like to volunteer your time, please click the link below and sign up today!
