# Claims Professional Trainee Program

## Build a career in Claims helping others

Insurance has enabled the progress of our global economy by helping people take and manage risks and assist when the unexpected happens. As a Claims Professional, you are the heart of keeping this promise to help people recover from loss.

## Your success is our top priority

Our program introduces you to the insurance industry and gives you a highly tailored and supportive early career experience while teaching you the fundamentals of insurance claims handling.

## No prior insurance experience needed!

As part of our program, we will provide:

- Learning and development opportunities tailored to your needs
- Opportunities to take ownership of or get involved in projects, initiatives, committees and community work
- Networking events to help you build connections
- Continuous coaching and mentorship

## From the 2019 Claims trainees

In 2019, we recruited recent college graduates from University of Wisconsin, Arcadia University, Winona State and Valencia College with a wide variety of majors. Here's what one had to say:

*"I was a bit nervous coming into this job with no insurance experience or knowledge, but that's the whole point of QBE's Claims Professional Trainee Program! We learned about the aspects of an insurance policy, trained on a variety of systems, and shadowed experienced Claims Professionals to prepare us for success. I am proud to be part of such a supportive, fun, and socially-conscious company and am confident QBE has set me up for a great career helping people recover from loss."*
