

## The Avery Farmer Scholarship

### Avery Farmer's Bio

Avery Michael Farmer was born 7/31/2003 in Lexington, Kentucky, to Matt and Melissa Farmer. His life was cut tragically short in a car accident on 2/9/2021. Avery's early years were spent enjoying family, friends, and the outdoors. He began playing golf with his granddad when he first learned to walk and loved joining him on the course and after to play alongside his granddad's friends. He never met a stranger and you could often find him sitting and talking with people much older than him. He loved music and began playing guitar in late elementary school and more recently joined choir with his peers. His high school years were spent playing golf, running track, fishing, and enjoying those around him. He had a huge heart for Jesus, his friends, and his family. He taught those around him what it meant to truly see people for who God created them to be and show unconditional love always. He forgave easily and wasn't afraid to share his life inside and out with anyone he crossed paths with. He loved and was loved by so many, but those that captured his heart and changed his life were his friends with disabilities. For those that knew Avery, knew that he had a huge smile, a contagious laugh, and a heart that loved people big.

### The Avery Farmer Scholarship Mission Statement

Avery's biggest joy in life was to show others love and help brighten their day. To honor my precious son and his memory, we would love to provide this scholarship to a high school senior who has served their community and shown love in big ways by making a lasting impact in someone else's life.

Love,

Matt and Melissa Farmer
