

Positive cases of the novel coronavirus associated with schools are reported every week day by the schools to local health departments. Local health departments provide the collected information to the Kentucky Department for Public Health. The case numbers on the school public health report are being posted as quickly as possible after notification of cases is received. These cases may still be in the verification process at the state level. Therefore, the numbers may vary from local and other reported numbers and are subject to revision as the verification process is completed. This information is being provided out of transparency and as quickly as possible. The school self-reporting survey is pending and will be released in the coming days.
