

for area kids up to age 18

Monday thru Friday, June 1 thru July 24, 11 am - 1 pm

Fremont Presbyterian Church, 520 W. Linden

Food insecurity is a growing concern. Locally, free-and-reduced lunch participation is now over 70%. Fortunately, the USDA Summer Lunch Program has been helping feed children in Fremont since 2012. But overall, community support has dwindled.

We're seeking help this year in these ways:

1) Inform families that may need help feeding children when school's not in session.

Please tell family, friends, neighbors and co-workers.

2) Volunteer in some capacity.

- Assist in the dining room
- Assemble sack lunches May 26-29
- Assist with school backpack signups/assembly/distribution

3) Donate towards expenses beyond children's meals (funded by USDA).

- Feeding parents who bring children
- Feeding dining room volunteers
- Buying food for sack lunches May 26-29
- Paying for custodial services and garbage/recycling pickup
- Buying school supplies and backpacks

Please consider joining these community partners in feeding kids this summer — Fremont Public Schools, Fremont Area United Way, Fremont Area Community Foundation, and Fremont Presbyterian Church.

If interested, please contact Marcia Fouraker at mfouraker@msn.com or 402-719-8276. Donations can be sent to: United Way 445 E 1st St #1 Fremont, NE 68025. Designate - Summer Lunch Program in memo.

Thanks in advance for any support you can provide!
