

Meet your new neighbor

Local presence. Proven experience.

A new office. Forty-five years of know-how.

BD Construction is proud to open an office in Fremont—bringing **45 years of commercial construction expertise** closer to the communities we serve across Eastern Nebraska.

The office is new. The experience behind it is not.

WHAT MAKES BD DIFFERENT

Build without disruption

Beyond new construction, we deliver remodels and additions built on teamwork, phasing, and creative solutions that keep services running—even in occupied settings.

A partner for the long term

You get a team that's client-focused – building a relationship that lasts well beyond completion, so you finish with a project that genuinely meets your needs.

Built for Eastern Nebraska

EDUCATION

K–12 schools, daycare, PK, higher education, and admin facilities

COMMERCIAL

Office, industrial, manufacturing, and private development

HEALTHCARE

Hospitals, clinics, medical offices, and healthcare campuses

GOVERNMENT

Municipal, county, and public-sector projects

CIVIC & COMMUNITY

Museum, worship, nonprofit, recreation, & community organizations

Building relationships across Nebraska

Our Fremont office lets us better serve owners, architects, subcontractors, and community partners throughout the region—from early planning conversations to project completion. We actively pursue work across Eastern Nebraska, and our experienced crews support the full BD Construction network: **design-bid-build**, **design-build**, and **construction manager at risk (CMAR)** – an owner-focused method that keeps projects on budget and on schedule.

What sets BD apart

- + Staff who live in Lincoln, the Omaha metro, and rural Eastern Nebraska
- + Deep experience with complex, community-centered projects
- + A collaborative process—we listen first, then build
- + Strong ties to regional trade partners and subcontractors
- + Consistent communication and accountability at every phase
- + Long-term thinking—not just project delivery, but community investment

LET'S BUILD SOMETHING
