

Greetings SBCAMFT Community!

I wanted to congratulate our community for being so engaged. We had record breaking attendance at our recent CEU luncheon with presenter Dr. Michael Geis. There were 70 attendees and the feedback on the event has been great! It is to you, our membership, that I award this success for your willingness to engage in the benefits offered as a SBCAMFT member, and using these opportunities to network with your community of colleagues.

We had a great Law & Ethics seminar in September with Dave Jensen of CAMFT. Santa Barbara is the only chapter to offer this as a free event. And finally, membership is also increased by four percent! Together, we are building a stronger community of connected and well-informed professionals.

As we approach fall and the holiday season I extend my gratitude to both our membership as well as to my fellow board members who volunteer their time to help make SBCAMFT a success.

Warmly,  
Mari Fullmer, LMFT  
President SBCAMFT
