

# COMMUNITY ADVISORY

**PROJECT NAME:** Rehabilitation of Pedestrian Ramps in Brooklyn

**PROJECT#:** HWPR23K1

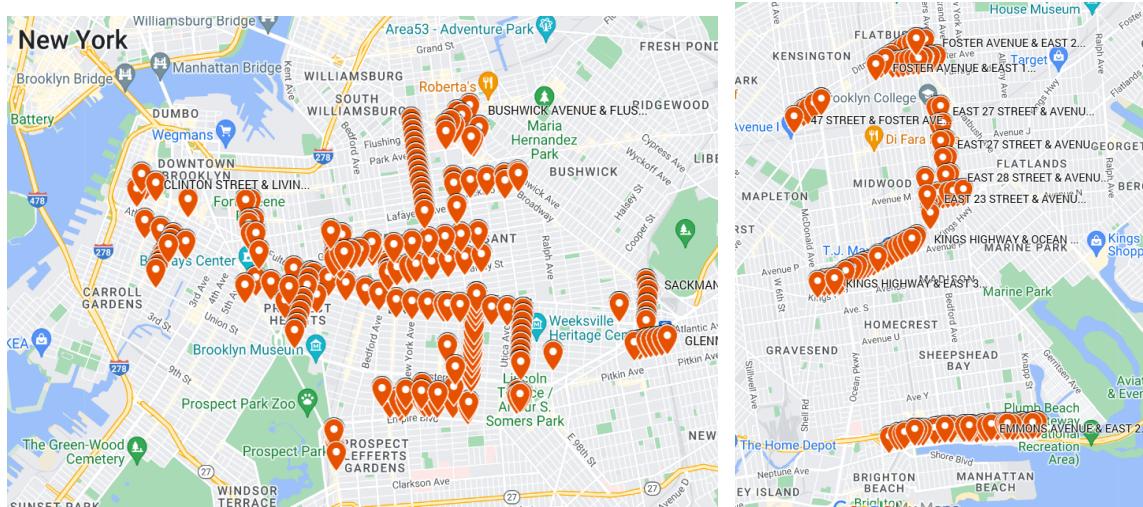

**BOROUGH:** Brooklyn

**ADVISORY ISSUED:** 10/25/2024

## **Work Operations Begin on Brooklyn Rehabilitation of Pedestrian Ramps. Construction Begins October 28, 2024. Closure of Sidewalk (corners) and Restrictions to Curbside Parking**

The NYC Department of Design and Construction (DDC) will commence work operations for the Rehabilitation of pedestrian Ramps in Brooklyn Project id HWPR23K1. This is a multi location project under Community boards 2, 3, 6, 7, 8, 9, 14, 15, 16, 17, and 18.

### **PROJECT MAP:**

**Beginning on/about Monday, October 28<sup>th</sup>, 2024  
Monday – Friday 7:00am to 6:00pm**

This project entails the rehabilitation and upgrading of existing pedestrian ramps provided by NYC DOT. The anticipated completion of this project is September 2026. The permitted work hours will be Mondays through Fridays from 7:00AM to 6:00PM and possibility of Saturdays from 8:00AM to 4:00PM by contractor's request.

# COMMUNITY ADVISORY

## What Are the Community Impacts?

- The DDC is committed to maintaining a work site that is safe and clean. However, dust, noise and heavy equipment are common elements of construction and we ask for your patience during the project.
- There may be limited street access on certain blocks. However, deliveries to commercial and residential properties and emergency vehicle access will be allowed. In addition, the DDC will be baiting the construction zone on a regular basis to control rodent populations.
- Weekend and night work may occur. Hours of operations on Saturdays and Sundays will be from 8:00AM to 6:00PM. If work occurs at nighttime, it will occur between the hours of 9:00PM and 6:00AM; advance notice will be provided to the community.
- Please follow all posted DOT's rules and regulations during non- construction hours. Emergency vehicle and Pedestrian access will be maintained at all times
- Driveway/loading dock access - may be temporarily restricted.
- Vehicular access - may be restricted on certain streets in certain locations.

- Bus Relocation – where and when necessary, buses may be detoured in/around the work zones.
- Where construction impacts school pick-up and drop-off areas, the DDC will coordinate with the NYC Department of Education (NYCDOE) and school officials to ensure these locations are safe, clearly marked and maintained.
- Street closures/Traffic detours – partial closures and/or limited access of intersections and streets. Half-block closures may be necessary. In the event of half-block closures, the street will be closed to through-traffic, but emergency vehicle access will be allowed. Signs will be posted.

If you have any questions, concerns, or would like to learn more about the DDC Project, please contact the Contractor Supervisor Robert Ditizio at [rditizio@janthonyent.com](mailto:rditizio@janthonyent.com)

Visit the NYC DDC web site at [www.nyc.gov/ddc](http://www.nyc.gov/ddc). During non-construction hours please contact New York City Government Services and Information Hotline at 311.

During non-construction hours please contact 311 for non-emergency city services.

**PLEASE NOTE:** Due to unforeseen conditions (weather, field conditions, etc) may become necessary to change some scheduled work locations and operations.
