

How to Print Remotely

1. Send an email to library@avonbytheseanj.com with your email address.
2. Wait for a confirmation email that says we have added your email address.
3. Email the file you want to print to avonlibraryprinter@hpeprint.com.
4. Call us when you are outside of the library and we will bring your print job out to you.

Note: You only need to do Steps 1 and 2 the very first time you are printing remotely. After we have added your email address the first time, you can skip ahead and start at Step 3.
